

INTRODUCING THE **NEW 86K WHEELIE BIN LIFTER**

BLIFT86

- Prevents back injuries. Lifts the bin and dumps into the skip for you
- Ask us about the new improved model

To operate the Bin Lifter simply:

- 1 Attach the clamp from the Bin Lifter onto the front of the skip secure with the pin, and lock the front wheels
- 2 Put the bin front ways onto the foot of the Bin Lifter and secure with the chain.
- 3 Pump the handle for approximately one minute until the rubbish flows out of the bin into the skip
- 4 When the bin is empty, turn the knob/lever slowly to return bin to the ground.
