86K WHEELIE BIN LIFTER

BLIFT86

exclusive product

- Prevents back injuries. Lifts the bin and dumps the rubbish into the skip for you.

2 models available:

- 1 Manually operated. Powered by an 8 ton double action ram that can lift and empty a 100kg wheelie bin in around 30 seconds.
- 2 Air operated 8 ton single action manual ram. Just connect it to a compressor, press the button and the bin lifts and empties automatically.

Warehouses: Auckland | Christchurch.
